6. Post-Secondary

- *Ancient and Fossil Bone Collagen Remnants**, Dr. Brian Thomas (2019, 137 pages, color ill.). This book is based on the author's PhD dissertation and his study of how short-lived collagen is being found in supposedly very old dinosaur bones. Non-technical readers can read the suggested parts of the book to get the thrust of the argument. NEW! \$25.00
- *Contested Bones**, Dr. John Sanford/Christopher Rupe (2017, 369 pages, color ill.). The fossil evidence "supporting" human evolution is all contested, even by evolutionists themselves so don't worry, humans did not evolve from ape-like ancestors! NEW! \$40.00
- Earth's Catastrophic Past - Geology, Creation & The Flood**, Dr. Andrew Snelling (2009, 1102 pages in 2 vols., hardcover, some color ill.). "Modeled loosely after... *The Genesis Flood*, it adds insights gained from decades of work by numerous individuals." (Back cover) Set \$50.00
- Genetic Entropy & the Mystery of the Genome**, Dr. J.C. Sanford (4th edition, 2014, 271 pages, ill.). "Compelling new genetic evidence that the human genome is deteriorating, and that it has always been deteriorating - ever since its origin." Dr. Henry Morris on back cover. \$30.00
- Grappling with the Chronology of the Genesis Flood**, Boyd/Snelling eds. (2014, 828 pages, ill.). An intensive look at both science and the Hebrew scriptures in an attempt to better understand the flood's chronology. \$40.00
- Icons of Evolution, Science or Myth? Why Much of What We Teach About Evolution Is Wrong**, Dr. Jonathan Wells (2000, 338 pages, paper, ill.). "Wells demonstrates with stunning clarity that the textbook examples Darwinists themselves chose as the pillars of their theory are false or misleading." (Cover) (Hardcover version \$24.95) \$22.95
- Replacing Darwin - The NEW Origin of Species**, Dr. Nathaniel T. Jeanson (2017, 335 pages, hardcover, color ill.). A bold challenge to Darwinism based on recent findings in molecular biology and bioinformatics. \$25.00
- *Rethinking Radiometric Dating**, Dr. Vernon Cupps (2019, 143 pages, hardcover, full color ill.). "Evidence for a Young Earth from a Nuclear Physicist." (sub-title) NEW! \$30.00
- SCIENCE MONOGRAPHS from the ICR and others:
- The Age of the Earth's Atmosphere #14**, L. Vardiman (1990, 32 pages). \$7.00
- Ancient Ice Ages or Gigantic Submarine Landslides?**, Mike Oard (1997, 130 pages, ill.). \$25.95
- Catastrophes in Earth History #13**, Steven Austin (1984, 318 pages). \$15.00
- Climates Before and After the Genesis Flood**, Larry Vardiman (2001, 110 pages, ill.). \$20.00
- Design and Origins in Astronomy**, Ed. George Mulfinger, Jr. (1983, 152 pages, ill.). Reprint of articles from the Creation Research Society *Quarterly*. \$10.00
- Design and Origins in Astronomy, Vol. 2**, Eds. DeYoung/Williams (2002, 163 pages, ill.). Reprint of more articles from the Creation Research Society *Quarterly*. \$10.95
- Field Studies in Catastrophic Geology**, Carl Froede Jr. (1998, 94 pages, ill.). Ten articles intended to provide examples of catastrophic geological processes. \$20.95
- The Frozen Record**, Michael J. Oard (2005, 200 pages, ill.). "Examining the Ice Core History of the Greenland and Antarctic Ice Sheets" (sub-title) from a creationist perspective. \$20.00
- The Human Body: An Intelligent Design**, Gillen/Sherwin/Knowles (1999, 158 pages, ill.). This technical monograph from the Creation Research Society describes numerous evidences of intelligent design in the human body. \$19.95
- An Ice Age Caused by the Flood**, Michael J. Oard (1990, 243 pages, coil, ill.). A scholarly discussion of how the ice age could fit with flood geology. \$24.95
- Ice Cores and the Age of the Earth**, Dr. L. Vardiman (1993, 85 pages, ill.). An interpretation of ice core analysis which is consistent with a young earth. \$12.00
- The Missoula Flood Controversy and the Genesis Flood**, Michael J. Oard (2004, 134 pages, ill.). Evidence for the flood of Noah in west-central North America. \$24.95
- The Motion of Mercury's Perihelion #11**, Slusher/Ramirez (1984, 101 pgs). \$8.00
- Noah's Ark: a Feasibility Study**, John Woodmorappe (1996, 298 pgs). \$20.00
- Not By Chance! Shattering the Modern Theory of Evolution**, Dr. Lee Spetner (1997, 272 pages). Demonstrates conclusively from the genetic code that chance mutations will never result in evolutionary change. \$15.00
- One Small Speck to Man - the Evolution Myth**, Vij Sodera M.D. (2003, 464 pages, hardcover, color ill.). \$65.00
- Origin & Destiny of the Earth's Magnetic Field #4**, Thomas Barnes (Rev. 1983, 132 pgs). \$8.00
- Radioisotopes and the Age of the Earth - Vol. II**, Vardiman/Snelling/Chaffin eds. (2005, 818 pages, hardcover, ill.). "Results of a Young-earth Creationist Research Initiative" (Sub-title) \$70.00
- Rock Solid Answers**, Mike Oard/John Reed editors (2009, 272 pages, ill.). "The Biblical Truth Behind 14 Geological Questions." (sub-title) \$19.00
- Truth and the Transcendent**, Larry Zimmerman (2000, 78 pages, ill.). A compilation of articles on "The Origin, Nature, & Purpose of Mathematics." \$7.95
