

CREATION SCIENCE PRAYER REQUESTS for December, 2020

Tuesday, December 1 - Sharon Foreman (CSSI) says, "Pray for the Lord's help for our household to be an encouragement to young folks who need the anchor and foundation of scripture and teaching on creation. Pray for them to recognize when and where truth is twisted, especially under the guise of preaching."

Wednesday, December 2 - AiG-C is thankful for what has been produced and for how the video content has been effective for the Lord. They are encouraged by the positive feedback that has been received.

Thursday, December 3 - As church visits are still difficult these days, pray that many in southern BC will be encouraged to listen to "Science, Scripture and Salvation" which is sponsored by CSABC over KARI (Blaine, WA) Sunday mornings at 8:30.

Friday, December 4 - Pray that many more people will be able to visit ICR's Discovery Center for Science & Earth History in Texas and be encouraged in the things of God by it.

Saturday, December 5 - As things slowly return to something closer to "normal", pray for more opportunities for creation speakers (like **Steve Lockert**) to present to students, as well as to the general public, the science that shows how nature declares the Glory of God.

Sunday, December 6 - Thank God for the few Bible colleges in our world, like Millar College of the Bible, that try to stand true on the whole Word of God. Pray that the changes to programming required this Fall, due to Covid, will not compromise their effective training of the young people attending.

Monday, December 7 - Pray that CMI resources for purchase and for free would circulate through the church, building up believers in the truth.

Tuesday, December 8 - Pray that the **Bergman** book (see November 23) will be well received. It includes some of the "best of Bergman" articles on animals published in *Dialogue* over 15 years as well as other chapters. It is very attractive with lots of full colour pictures and fascinating information and documentation.

Wednesday, December 9 - Pray that many more people will become aware of **Vance Nelson's** great **Untold Secrets of Planet Earth** series of books, and be encouraged by reading them.

Thursday, December 10 - Pray for **Don Hamm** (CSSI) & his family as they trust Him and share the truth of His Word.

Friday, December 11 - Pray God's blessing on **John Feakes** from Winnipeg in his roles as pastor, apologist, and part time Bible College lecturer.

Saturday, December 12 - Uphold in prayer **Jonathan Nicol**, who accepted the position of vice-president for ACS.

Sunday, December 13 - Oh how Christians (leaders and lay people alike) need spiritual discernment in these days of much deception and falsehood. Pray that God will keep His people true to His revealed truth - the Holy Bible.

Monday, December 14 - Ask God to bless and encourage the many volunteers working at ICR and other creation ministries. Thank God for each one of them.

Tuesday, December 15 - As many of the older stalwarts of the CRS pass from this earth, thank God for them and their work. Pray for God to raise up others to take up the torch and carry on the ministry.

Wednesday, December 16 - Pray that God will bring in sufficient finances to carry on the Bryce Homes International orphan support work of UTT.

Thursday, December 17 - Pray for some new workers to share the leadership load of CORE.

Friday, December 18 - Pray the Lord's guidance to help **Steve Lockert** (CSSI) share Jesus as Creator, Savior and Lord with family, friends and neighbors as well as for guidance in choosing to keep up with the best of the many new scientific publications supporting the TRUTH of Biblical Creation.

Saturday, December 19 - AiG is thankful for sustaining staff salaries through this difficult pandemic.

Sunday, December 20 - Many churches are in need of pastoral leadership in these days. Pray that God will call people to serve in this important role.

Monday, December 21 - Ask God to meet the needs of the publishers (like Master Books) of solid creation resources.

Tuesday, December 22 - As in-person speaking events are being cancelled, ask God for wisdom for conducting live video public meetings instead. (CSABC)

Wednesday, December 23 - Pray for the executive of CSAA that they will have good health and enthusiasm and the opportunity to mentor some fresh faces in the work.

Thursday, December 24 - Pray that the many smaller creation organizations around the world will be faithful in carrying out the ministry God has given each of them to do.

Friday, December 25 - CHRISTMAS DAY. Pray that in light of the world situation this year, many souls will stop and reflect on the real meaning of CHRISTmas!

Saturday, December 26 - BOXING DAY. The pandemic this year may have caused some people to re-evaluate what is truly important in their lives and what is not. Pray that that knowledge would manifest in this season usually focused on commercialism, materialism and temporary worldly possessions.

Sunday, December 27 - Pray that churches and pastors will look to the Lord for direction as they make plans for the new year.

Monday, December 28 - Pray for **Dennis Siemens** (CSSI) and his family as they continue to work for the Lord.

Tuesday, December 29 - Pray that many more people will realize that the Lord's return seems to be drawing very near and that they will prepare themselves by faith to meet Him in the air.

Wednesday, December 30 - Pray for the completion of the French workshops on Creation that were begun by ACS a few years ago. The work was put on hold for a year with the birth of 3 babies in the team, but it should soon resume.

Thursday, December 31 - Pray for people around the world, that they would be delivered from the fear of the unknown things of this world by drawing closer to the Creator and trusting Him in all things - today and in the year ahead!
