

Creation Prayer Requests for February 2024. Thank you for praying!

Thursday, February 1 - Pray that the war in Gaza would not significantly adversely affect travel to Israel; either Jews making permanent *Aliyah* or simply tourism and Christian pilgrimage.

Friday, February 2 - Pray for **Jonathan Nicol** (ACS) as he continuously seeks opportunities to talk about our Creator in various churches and Christian camps.

Saturday, February 3 - Pray that the digital/online proclamation of truth by many Bible based organizations would not be overlooked by the general secular population looking mostly for entertainment and escapism.

Sunday, February 4 - Pray that pastors and churches would be able to reach the modern culture without compromising any of the truth of God's Word, from origins to eternity.

Monday, February 5 - Ask God to supply the wisdom and strength needed for **Garry Miller** to carry on his responsibilities with CSSI and his church involvements.

Tuesday, February 6 - AiG-C is thankful for the dedication and talents of the staff that God has brought to them. Pray God's special blessing on each of them and for the support they need.

Wednesday, February 7 - Thanks be to God for the many excellent Creation resources that are now available in print and online. May their content and messages be accessed by all whose hearts are open to the Lord's direction and may those with closed minds have their hearts opened.

Thursday, February 8 - CSSI is in need of new people to serve on its Board of Directors. Ask God to burden His chosen vessels to take up this responsibility and bring them into the organization.

Friday, February 9 - Pray that Christian leaders would be strengthened to stand tall and firm for all Biblical truth in spite of the godless pressures of the world around us.

Saturday, February 10 - Pray for CMI-C's TV production team as they work on adding advanced 3D computer animations to some episodes. This increases the amount of time to finish episodes of Creation Magazine LIVE but the motion graphics will aid in teaching important truths about creation.

Sunday, February 11 - CREATION SUNDAY. Pray that **many** churches and pastors will use this (or any other more suitable Sunday) to present the Biblical teaching of Special Creation to their congregations and thus bring honor to the Creator.

Monday, February 12 - Pray for the people involved with CSAA.

Tuesday, February 13 - Pray for the scientists at ICR doing original research as well as document research to help us understand our universe from a Biblical perspective.

Wednesday, February 14 - VALENTINE'S DAY. Jesus said unto him, thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind. This is the first and great commandment. And the second is like unto it, Thou shalt love thy neighbour as thyself. On these two commandments hang all the law and the prophets. (Matthew 22:37-40) Let us put that into greater practice, starting today.

Thursday, February 15 - Pray that CSABC would glorify God at the re-introduced Mission Fest Vancouver conference today through Saturday.

Friday, February 16 - Pray for **Shirley Dahlgren**, CSSI director.

Saturday, February 17 - Pray that the people who have creationist materials in their possession will continue to use them and share them. (ACS)

Sunday, February 18 - Children and youth are under great pressure to follow the thinking and ways of our world today. May Godly parents and church workers find wisdom and strength from the LORD to guide them into following and serving the God of Creation.

Monday, February 19 - FAMILY DAY. Pray that God would help people recognize the historical family unit as the critical and only solid foundation for a healthy society.

Tuesday, February 20 - Pray for the outreach of CRM.

Wednesday, February 21 - Continue to pray for the content and effectiveness of the *ANSWERS* magazine produced and distributed by AiG-USA.

Thursday, February 22 - Pray that God would raise up committed Christian people to lead the nations of the world.

Friday, February 23 - May God bless the listeners of the "Science, Scripture and Salvation" broadcast on radio station KARI (Blaine, WA) and may they follow up by getting involved with CSABC.

Saturday, February 24 - May God continue to bless and watch over **Roger** and **Myrna Oakland** (Understand the Times) as they serve Him in their retirement years.

Sunday, February 25 - Pray that every pastor or layperson working with church youth will realize the importance of building their teachings on the solid foundation of Biblical Creation.

Monday, February 26 - Calvin Erlendson (CSSI) says, "Pray that creation teaching would influence our conversations with both Christian believers and non-believers."

Tuesday, February 27 - Pray for **Matt Miles** and others ministering under the Creation Truth Foundation.

Wednesday, February 28 - Continue to pray for the content and effectiveness of the *CREATION* magazine produced and distributed by CMI.

Thursday, February 29 - Pray for the growing Creation ministry of **David Rives** and The Wonders Center & Science Museum in Dickson, TN.
