

## **Creation Prayer Requests for May 2021.** Thank you for praying.

**Saturday, May 1** - Pray for Erin Foreman (Battleford) in a new school teaching assignment that allows total freedom in using Creation resources. Perhaps this is one example of answered prayers for the Creation Celebration to go to seed! Pray that families will catch the vision! (CSSI)

**Sunday, May 2** - Pray that children who cannot go to Sunday School in these times will take advantage of computer or internet programs which teach God's Truth.

**Monday, May 3** - Expanding Youth Ministry (EYM) continues to share Creation resources and to support Creation outreach. Ask God to direct those involved in these activities.

**Tuesday, May 4** - Pray for more interested people to step up and support the work of CRM with their time and resources.

**Wednesday, May 5** - Patricia Engler, is a Speaker, Writer, and Youth Outreach Coordinator for AiG-C. Pray God's continuing blessing and protection on her and her activities.

**Thursday, May 6** - Ask God to continue to bless and protect the lives and ministry of Dr. Gary & Mary Parker in His service.

**Friday, May 7** - As mankind persists in following its own wisdom and ways, sin and lawlessness is expanding rapidly. Pray for a return to law and order based on the unchanging standards of God and His revealed will (the Bible)!

**Saturday, May 8** - Pray for strength for Marilyn Carter, as she faithfully serves the Lord through CSABC and as she mails the quarterly letters to members.

**Sunday, May 9 - MOTHER'S DAY.** Thank God for faithful, god-fearing mothers. Pray that many more mothers will look to the Lord for His forgiveness, strength, and direction.

**Monday, May 10** - Pray for Shirley Dahlgren (CSSI) that she may have an opening to share the Creation Message.

**Tuesday, May 11** - Pray that the creationist ministry will go on and gain an even greater impact, even if it means dealing with social restrictions. (ACS)

**Wednesday, May 12** - Pray that missionary organizations, ministering to the as yet unreached language groups of the world, would wisely use creation materials in their evangelistic efforts.

**Thursday, May 13** - Pray for Tina Baine, resource center manager for CSAA.

**Friday, May 14** - Pray for Creation Truth Ministries and the Vance Nelson family as they do research, produce books, and conduct seminars.

**Saturday, May 15** - Ask God to continue directing and blessing the research and publishing efforts of the scientists at ICR.

**Sunday, May 16** - Ask God to place His protection and blessing on Christian youth in these days of great pressures to compromise and/or forsake God's call on their lives. Pray for much wisdom for youth Pastors and workers as they seek to encourage/guide the youth in their realm of influence.

**Monday, May 17** - Pray for the continuing effectiveness of the great Creation resources produced by UTT and Roger Oakland over the years.

**Tuesday, May 18** - Pray that those who have been handed exorbitant fines, on top of already punishing hardship, because of Covid-19, may be given a reprieve from the Government. (CRM)

**Wednesday, May 19** - Pray that AiG's Creation Museum and Ark Encounter facilities will continue to reach many people with the important message of creation and SALVATION.

**Thursday, May 20** - Pray for Calvin Erendson (CSSI) and others as they distribute creation books and tracts.

**Friday, May 21** - Julien Perreault (ACS) has a very nice and useful creationist web site, but it often gets hacked. Ask God to overrule in this situation.

**Saturday, May 22** - Pray for people like John Plantz, Aaron Cross, and Larry Mitchell who serve under other ministries but who stand firm on Biblical Creation as they spread the Gospel message.

**Sunday, May 23** - Pray that God will overrule so that the many Christian camp programs can resume this summer.

**Monday, May 24 - VICTORIA DAY.** God has ordained the role of governments to maintain peace and to protect people's liberties. Unfortunately, many governments fail to rule according to God's standards and people suffer as a result. Pray God will speak to those in authority over us and show them their need to seek His ways.

**Tuesday, May 25** - Pray for the continued production of CMI-Canada teaching videos during COVID-19; that the faith of many people would be encouraged through the information presented.

**Wednesday, May 26** - CSABC has invited Dr. Jerry Bergman to give talks today and the following days, most likely online. Praise God for this opportunity and pray that these meetings will be fruitful.

**Thursday, May 27** - Rudi Fast (CSSI) says, "Pray for more ways to effectively put creation materials into the hands of more people in the Moose Jaw area."

**Friday, May 28** - Pray with us that the Covid-19 restrictions will be relaxed enough so that CSSI can again run their Creation Family Camp this July 26-31.

**Saturday, May 29** - Pray that churches would reopen soon, that in-person fellowship can resume, that the essential comfort that the church provides resumes, and that people looking for hope in a crazy world would be drawn to Christ's church as never before.

**Sunday, May 30** - Christians are admonished in the Bible not to forsake assembling together, and especially so as we see "the day approaching." Pray, as springtime comes and the weather warms, that Christians will seek and find ways and places to gather for fellowship in the outdoors.

**Monday, May 31** - Pray that people of all ages and education would truly investigate Creation Science to determine whether or not it is a reputable science that enables mankind to determine the age of the earth and the universe.
